Student/Athletic Accident Insurance

Your school has purchased accident insurance coverage to protect all students involved in any school sponsored and supervised activities including sports against accidental injury or death occurring while the policy is in force. Coverage is provided by **Bollinger Specialty Group**. Usual & Customary benefits are provided on a full excess basis.

If your primary medical coverage is an HMO or similar plan, it is recommended that you follow their rules and guidelines for obtaining benefits. If the HMO or similar plan is not utilized, you could incur out of pocket expenses resulting from charges that are over the usual and customary benefit.

Following is an example of how a **Full Excess** claim is handled. A student incurs medical expenses of \$100.00 for treatment of an injury sustained during recess. The student's parents have private group insurance. The medical bills must first be submitted to the parent's insurance, being the primary carrier. The primary insurance pays \$65.00 of the bill and sends an explanation of benefits (EOB) to the parents. The parents then submit a copy of the original bills along with a claim form and the primary insurance EOB to **Bollinger Specialty Group**, who may then pay up to \$35.00 (the amount of covered expense that is "in excess of medical expense paid by another plan providing medical benefits.")
